PIS Mission Statement

We aim to preserve and enhance the highest standards of excellence and prepare generations for the 21st century.

PIS students are helped to master the expanding horizons of technology has also become the repository of a deep commitment to Indian ethos and culture in a pristine form.

PIS students are equipped to access the best opportunities of growth and advancement by being prepared linguistically and culturally for them. The concept of enlightened citizens of the world will be the backdrop of all their endeavors.

PIS Students will be carefully sensitized to environmental concerns, the feeling of nationalism and communal harmony.

PIS Schools are available to the best minds at the most reasonable and affordable cost.

Children are even as a branch that is fresh and green; they will grow up in whatever way we train them. Take the utmost care to give them high ideals and goals, so that once they come of age, they will cast their beams like brilliant candles on the world...

Parents will find it a valuable experience to take out time to recite these and other prayers of family's choice with the children before going to school and at bed time. Children should know several prayers by heart and should recite them in melodious tones. When this becomes a habit, children will come to rely upon them as a source of inner strength. This will help them sail through many difficult experiences in life. There are many prayers of children and parents on the net. These writings and prayers were selected from among them.
