The name of my school is Puna International School. My mother took me to the school and one of the teachers guided me to the classroom. As I entered the classroom, I felt very shy and nervous but the teacher who was taking the class was very friendly. She caught hold of my hand and made me sit in the front bench.

Immediately three-four boys came and shook hands with me. I felt comfortable. It was really a great experience to have friends in a new school. The school was over by 2 p.m. I came back home with my father. This is one of the memorable days in my life.
