

| AS           | SSIGNMENT FOR SA | 1 EXAMINATION | 2025-26 |           |
|--------------|------------------|---------------|---------|-----------|
| STUDENT NAME |                  | SUBJECT – EVS |         | GRADE - 1 |

| 1. Choose the correct answe                 | er:                            |
|---|--------------------------------|
| <b>1</b> ). We live in with o               | ur family.                     |
| a.) House                                   | b.) park                       |
| c.) jungle                                  | d.) family                     |
| 2.) Things that we like to do in ou         | r free time for fun are called |
| a) hobbies                                  | b) likes                       |
| c) dislike                                  | d) activity                    |
| 3). We carry our school bag on or           | ur                             |
| a) shoulders                                | b) eyes                        |
| c) ears                                     | d) nose                        |
| 4.) Your grandfather and grand m            | nother are your                |
| a) Parents                                  | b) Grandparents                |
| c) Uncle                                    | d) Cousins                     |
| 5.) Our help us to run.                     |                                |
| a) Legs                                     | b) neck                        |
| c) hands                                    | d) fingers                     |
| <b>6).</b> The brother of your father is yo | our                            |
| a) Cousin                                   | b) Uncle                       |
| c) Grandparents                             | d) Parents                     |
| 7.) Which part of our body helps u          | us to see television?          |
| a) Eyes                                     | b) Teeth                       |
| c) Ears                                     | d) nose                        |
| 8). What protects us from the sun           | rain ,and wind ?               |
| a) Our toys                                 | b) Our house                   |
| c) Our clothes                              | d) Our school bag              |
| 9),Your uncle's son is your                 |                                |
| a) Cousin                                   | b) Parents                     |
| c) Grandparents                             | d) Uncle                       |
| 10). What are some materials used           | d to build houses?             |
| a) Gold ,silver and diamond                 | b) Bricks, wood and concrete   |
| c) Toy ,clothes, and books                  | d) Food ,water and air         |

| 11) nouse is ma                           | ide of mud and leaves.           |
|---|----------------------------------|
| a.) kuccha                                | b.) Pucca                        |
| c.) tent                                  | d.) tree house                   |
| 12.). We smell with our                   | ·                                |
| a) hands                                  | b) fingers                       |
| c) tongue                                 | d) nose                          |
| 13), Where does a principal sit?          |                                  |
| a) Principal s office                     | b) Staffroom                     |
| c) Playground                             | d) Classroom                     |
| 14) A house protect us from               | <u> </u>                         |
| a) Road                                   | b) Family                        |
| c) School                                 | d) Rain                          |
| <b>15</b> ) House can big or              |                                  |
| a.) thin                                  | b.) small                        |
| c.) dark                                  | d.) light                        |
| 16) Which body part of our body l         | helps us to bite and eat apples? |
| a) Ears                                   | b) Teeth                         |
| c) Hands                                  | d) Eyes                          |
| <b>17</b> ) We study in room.             |                                  |
| a.) class                                 | b.) bath                         |
| c.) bed                                   | d.) living                       |
| <b>18.</b> ) We go to school to           | - A                              |
| a) Play                                   | b) sleep                         |
| c) Learn                                  | d) Watch television              |
| 19)We eat our meals in the                | room.                            |
| a) Living                                 | b) bath                          |
| c) kitchen                                | d) Dining                        |
| <b>20</b> ). Which part of our body helps | us to hear the music?            |
| a) Nose                                   | b) Ears                          |
| c) Hands                                  | d) neck                          |
| 21). At home we take ,rest ,eat ar        | nd spend time with our           |
| a) Family                                 | b) Friends                       |
| c) Relatives                              | d) None of these                 |
| 22). We sit with our guests in            | room                             |
