GRADE 6	SUBJECT – ENGLISH
Syllabus – Honeysuckle – Unit – 1,2,3,4. (SR) – Ch – 1,2,3,5) Grammar – Ch – 1,2,3,4,5,6,7,8,9,10,11,12,13. Comprehension, writing skill	

SECTION A – READING

Q1. Read the given passages and answer the questions that follow.

PASSAGE 1

A volcano is a burning mountain with a great hole running deep into the earth. Out of it come smoke, gases and stones. The mouth of the opening is called the crater of the volcano. Volcanoes are not always burning. Sometimes a volcano will remain quiet for centuries. And then it will suddenly become active. This is called volcanic eruption. When the eruption takes place, great clouds of ashes, dust, gas and steam rise from the crater. Loud noises come from the crater. After sometime, white hot molten rock, called lava begins to flow down the mountain sides. This may go on for days or weeks. Then the volcano will ‘go to sleep’ again for many years. Most volcanoes are found near the seas.

1. On the basis of your reading of the above passage complete the following:

- A volcano is a burning mountain which **spits fire from a deep hole in the earth** .
- When a volcano becomes active, **ashes, dust, steam, smoke and lava rise from its mouth** .
- Lava refers to **white hot molten rock** .
- A crater is the mouth of the **opening on the top of a volcanic mountain** .
- Most volcanoes are found **near the sea**.

2. Find words from the above passage that mean opposite to:

- Closing **opening**
- Dormant **active**
- Far **near**
- Noisy **quiet**

PASSAGE 2

Food can maintain and save life. It can destroy life as well. Proper food serves as medicine, improper food works as poison. A little care about the quality and quantity of food will keep us healthy and happy. If we go about eating all sorts of things, we shall become sick. We take pride in calling ourselves civilized. Being sensible means to know the difference between good and bad, right and wrong. It will not do to become slaves to our tongue or taste. Even cattle, birds and beasts eat only what is best for their body.

We mostly eat processed food and refined sugar. We pay heavily for junk food, for Chinese dishes or deep fried snacks. As a result we catch diseases. We have drifted away from mother nature. We laugh at the rules of hygiene, healthy diet and the advice of our elders. This has given rise to diabetes.

We offer chocolates, cakes and ice creams too often to our children. We also attend parties or dine out every day. This way we invite obesity and diabetes.

4. Why do you think a Christmas tree would be exciting to a kitten?

Ans. Answers will vary. Students may mention that it is filled with shiny objects. It would also be unusual for a kitten to see a tree inside the house.

POEM 2

The Owl
by Lord Tennyson

When cats run home and light is come,
And dew is cold upon the ground,
And the far-off stream is dumb,
And the whirring sail goes round,
And the whirring sail goes round;
Alone and warming his five wits,
The white owl in the belfry sits.

When merry milkmaids click the latch,
And rarely smells the new-mown hay,
And the cock hath sung beneath the thatch
Twice or thrice his roundelay,

Alone and warming his five wits,
The white owl in the belfry sits.
